

Available each March, July and November

Visitors are very welcome to come on up to three walks listed here before deciding whether they wish to join the Ramblers.

**GRWalks** combines full walk details of all the nine Ramblers' groups active in Gloucestershire. One of the advantages of becoming a member of the Ramblers is that you can walk with any group in Britain at any time.

**IMPORTANT LATE CHANGES** will be shown on the link for **GRWalks Updates** on the Walks Page [www.gloucestershireramblers.org.uk/grwalks](http://www.gloucestershireramblers.org.uk/grwalks) – do check or ring the leader if you are not on computer - before travelling.

Online users can click the top links opposite to look at a group's walks. Click on the title of a walk you are interested in and scroll down to see an interactive map. We hope lots of walkers will be able to see this programme uploaded at [www.gloucestershireramblers.org.uk/grwalks](http://www.gloucestershireramblers.org.uk/grwalks)

If you need a printed copy of **GRWalks** write to the editor Mike Garner (GRWalks), Southcot, The Headlands, Stroud GL5 5PS. Please quote your Ramblers' Group and membership number enclosing C5 SAEs 9x6 inches.

**CHECK** Before travelling any distance, you are recommended to ring the leader and/or see **GRWalks Updates** at [www.gloucestershireramblers.org.uk/grwalks](http://www.gloucestershireramblers.org.uk/grwalks) for changes.

**MAPS** L=Landranger, E = Explorer, OL = Outdoor Leisure. Groups who meet direct at the start are asked to quote these.

**PHONE NUMBERS** \* = mobile for use on day of walk ONLY.

**FOOD AND DRINK** Bring some emergency food on all walks. Also water or other drinks. Beware of dehydration.

**TERRAIN** Some groups give advice on terrain, please note.

**GROUP WALKS FINDER** [www.ramblers.org.uk/walksfinder](http://www.ramblers.org.uk/walksfinder)

To provide consistency between Groups nationally, Ramblers has developed a grading system so that walkers looking at the national website know what to expect. Four of our groups use this system:

E = Easy - Walks up to 5 miles for anyone who does not have a mobility difficulty or a specific health problem or is seriously unfit.

L = Leisurely - Walks for reasonably fit people with at least a little country walking experience. May include unsurfaced rural paths. There may be a few hills. Boots and waterproof clothing recommended.

M = Moderate - Walks for people with country walking experience and a good level of fitness. May include steep paths and open country. Walking boots and warm waterproof clothing essential.

S = Strenuous - Walks for experienced country walkers with an above average fitness level. May include hills and rough country. May also be over more moderate terrain taken at a brisk pace.

All leisure activities have inherent hazards associated with them and rambling is no exception. In spite of the safety of participants always being the paramount concern, accidents will occasionally occur. It is important, therefore, that when entering into the activity, each person appreciates that they have a responsibility to identify the hazards associated with the activity and take all reasonable steps to eliminate or minimise the potential for an accident to arise.
